

Engage, Play, Learn & Connect

Wight & Company is making civic spaces more engaging, accessible, safe, and fun.

- Pre-Design & Planning
- Architecture
- Landscape Architecture
- Engineering
- Construction
- Sustainability
- Transportation

Our dedicated professionals specialize in the creation of exceptional facilities and outdoor environments that respond to the diverse and growing needs of our communities. We honor the greater good of our public institutions and we push the design edge to create more engaging experiences for the local communities they serve.

We partner with counties, municipalities, forest preserves and park districts to create cost-effective and sustainable solutions that advance their mission. These solutions are shaped by the unique needs of each client, balanced by fiscal responsibility, and enriched by our integrated approach.
